

Coral IPx Office

**The Ultimate Office Communications Solution...
...in One Box**

One small box for your business.
A giant leap for your communications.

**Iadiran Telecom**

Coral IPx Office

Ultimate Communication C

Business is Communication

Whatever your business, communications is an integral part of it. And whatever your communications, they need to be smooth, efficient and forward-thinking. Because communication today must meet tomorrow's needs too. That means all media converged on the same data network. And that means Tadiran's Coral IPx Office.

Coral IPx Office

The Coral IPx Office is a complete office communications solution offering the most convenient and flexible communication options. This elegant solution represents the new generation of innovative products from Tadiran, providing a converged system with unified messaging and sophisticated call handling.

By providing such communications convenience for you, your team and your customers, the Coral IPx Office will help you achieve new levels of operational excellence:

- Optimal customer service**
- More effective management**
- Streamlined operations**
- Maximum efficiency**
- Lower cost LD calls using VoIP**

This all-in-one server for voice and data traffic offers a range of IP functionalities, a comprehensive list of user features and a large selection of gateways to legacy systems. Details such as a built-in data switch and optional internal router, a print server and a wireless access point will ensure complete adaptability to your specific needs. And for complete ease of use, the Coral IPx Office is administered via the web, a familiar and convenient medium enabling management from any intranet or internet access point.

- **Scalable**

As your business grows, the Coral IPx Office grows with it

- **IP user flexibility**

IP users are simple to add

- **IP NET networking**

So that your branch offices benefit from the same comprehensive range of communication services as your head office

- **Voice messaging**

Because missed calls are missed business

- **Firewall protection**

To ensure secure communications up and running at all times

- **WiFi option**

- **Printer server**

- **Door relays**

Integrates smoothly with your security system
